Workshop 1.1: Digital Identity Ecosystem Kickoff

Phase 1: Digital Foundations

Workshop Code: WS 1.1
Primary Component: Electronic Identity (e-ID) Program
Duration: 2 days
Timing: Month 1, Week 3-4
Phase Theme: "Building Trust & Infrastructure"

Executive Summary

This inaugural workshop launches the e-ID program by bringing together all key stakeholders to establish a shared vision, define technical requirements, and align on use cases for Trinidad & Tobago's electronic identity system. The workshop sets the foundation for creating a secure, inclusive, and interoperable e-ID that can serve as the authentication backbone for digital government services and position Trinidad & Tobago as a regional leader.

Key Outcome: Stakeholder consensus on e-ID architecture, use cases, and implementation roadmap with embedded gender and inclusion principles.

Workshop Objectives

Primary Objectives

1. **Establish Shared Vision:** Align all stakeholders on the strategic importance and potential of e-ID for Trinidad & Tobago
2. **Define Use Cases:** Identify priority government and private sector use cases for e-ID deployment
3. **Technical Foundation:** Agree on core technical architecture, standards, and integration requirements
4. **Regional Positioning:** Explore cross-border applications and position T&T as Caribbean e-ID leader
5. **Inclusion by Design:** Embed gender, accessibility, and inclusion principles from the outset

Secondary Objectives

- Build relationships among the four ID provider organizations
- Introduce EU best practices from Estonia and other digital leaders
- Establish governance structure for e-ID program
- Identify pilot opportunities for early implementation

Target Participants (30-40 people)

Core Stakeholders (Required)

- **MPAAI Leadership** (5-6)
- Minister or Permanent Secretary
- e-ID Program Director
- Chief Technology Officer

- Policy leads

- **Four ID Providers** (8-12)

- Registration Department representatives
- Electoral and Boundaries Commission
- Immigration Division
- Relevant identity-issuing agencies

- Technical and policy staff from each

- **National-CSIRT** (2-3)

- Cybersecurity leads
- Certification specialists

Extended Stakeholders (Important)

- **Key MDAs** (6-8)
- Health, Education, Social Services
- Revenue Authority

- Any agencies with strong authentication needs

- **Caribbean Partner Agencies** (4-6)

- 2-3 Caribbean countries
- Identity/digital government representatives
- Observer status, learning opportunity

Expert Resources

- **EU e-ID Experts** (2-3)
- Estonia e-ID program specialist
- eIDAS framework expert
- Digital identity consultant
- **CAF & EU Delegation** (2-3)
- **Technical Consultants** (2)

Detailed Agenda

DAY 1: Vision, Context & Use Cases

Morning Session (9:00 AM - 12:30 PM)

9:00 - 9:30 | Opening & Context Setting
- Welcome by MPAAI Minister/Permanent Secretary
- Project overview by CAF
- EU partnership remarks
- Workshop objectives and agenda overview

9:30 - 10:30 | The Global e-ID Landscape
- Presentation: "Digital Identity as Economic Infrastructure" (30 min)
- Global trends in e-ID adoption
- Economic impact data
- Regional comparisons
- **Case Study: Estonia's e-ID Success Story** (20 min)
- Presented by Estonian expert
- 20 years of e-governance
- Lessons learned and pitfalls avoided
- Q&A (10 min)

10:30 - 10:45 | BREAK

10:45 - 12:30 | Trinidad & Tobago e-ID Vision
- **Panel Discussion:** "Building Digital Trust in Trinidad & Tobago" (45 min)
- Representatives from all four ID providers
- Current state of identity systems

- Challenges with siloed identity
- Opportunities for integration

- **Interactive Exercise:** "Identity Journey Mapping" (45 min)
- Small groups map citizen interactions with government that require ID
- Identify pain points, duplication, security gaps

- Report back to plenary (15 min)

- **Synthesis:** Emerging themes and priorities (15 min)

12:30 - 1:30 PM | LUNCH

Afternoon Session (1:30 PM - 5:00 PM)

1:30 - 3:00 | Use Case Development
- **Presentation:** "Defining e-ID Use Cases" (15 min)
- Framework for use case analysis
- Examples from EU member states

- **Breakout Groups:** Use Case Workshops (1 hour)
- **Group 1:** Government-to-Citizen (G2C) Services
    - Healthcare access, education enrollment, social benefits
- **Group 2:** Government-to-Business (G2B) Services
    - Business registration, tax filing, procurement
- **Group 3:** Cross-Border & Regional Services
    - Travel, education, professional credentials
- **Group 4:** Sensitive/High-Security Services
    - Law enforcement, courts, sensitive personal data access

Each group identifies:
- Top 3 priority use cases
- Security requirements
- User experience considerations
- Gender/inclusion implications

- **Group Reports & Discussion** (30 min)

3:00 - 3:15 | BREAK

3:15 - 4:30 | Gender, Inclusion & Digital Rights
- **Presentation:** "Inclusive e-ID Design" (20 min)
- Universal design principles
- Gender considerations (e.g., safe access for GBV survivors)

- Accessibility for persons with disabilities
- Digital literacy barriers
- Privacy and data protection

• **Case Study:** EU Digital Rights Approaches (15 min)
• GDPR implications
• Right to be forgotten

• Data minimization

• **Interactive Discussion:** "Who Gets Left Behind?" (30 min)

• Identifying vulnerable populations
• Designing for universal access
• Safeguards against discrimination

4:30 - 5:00 | Day 1 Wrap-up
- Synthesis of key insights
- Preview of Day 2
- Reflection exercise

DAY 2: Technical Architecture & Implementation

Morning Session (9:00 AM - 12:30 PM)

9:00 - 9:15 | Day 1 Recap & Day 2 Overview

9:15 - 10:45 | Technical Architecture Deep Dive
- **Presentation:** "e-ID Technical Architecture Options" (30 min)
- Centralized vs. federated models
- Authentication levels (basic, substantial, high)
- Credential types (username/password, PKI, biometric, mobile)
- Estonian e-ID technical architecture
- eIDAS interoperability framework

• **Interactive Session:** "Designing T&T e-ID Architecture" (45 min)
• Facilitated discussion on architectural choices
• Integration with existing ID providers
• Role of National-CSIRT in certification
• Mobile-first vs. card-based approaches
• Data minimization and privacy by design

10:45 - 11:00 | BREAK

11:00 - 12:30 | Integration & Interoperability
- **Presentation:** "API Design for e-ID Services" (20 min)

- RESTful API standards
- OAuth 2.0 / OpenID Connect
- SAML integration for legacy systems

- **Technical Workshop:** "Integration Planning" (60 min)

- Breakout by stakeholder type:

  - **ID Providers:** How to integrate existing databases
  - **MDAs:** How to consume e-ID services
  - **National-CSIRT:** Security and certification requirements
  - **Caribbean Partners:** Cross-border technical requirements

- **Report Back & Discussion** (10 min)

12:30 - 1:30 PM | LUNCH

Afternoon Session (1:30 PM - 4:30 PM)

1:30 - 2:45 | Cross-Border & Regional Opportunities
- **Presentation:** "Regional e-ID Cooperation Models" (20 min)
- EU eIDAS mutual recognition
- Nordic digital collaboration
- Caribbean opportunities

- **Panel Discussion:** "Caribbean Digital Identity Future" (35 min)
- Representatives from 2-3 partner countries
- Current e-ID initiatives in their countries
- Interest in cross-border recognition
- Educational credentials, professional licensing

- Travel and immigration applications

- **Q&A and Exploration** (20 min)

2:45 - 3:00 | BREAK

3:00 - 4:00 | Governance & Next Steps
- **Governance Framework Discussion** (30 min)
- e-ID program governance structure
- Roles and responsibilities
- Decision-making processes
- Stakeholder engagement mechanisms

- **Pilot Planning** (30 min)
- Criteria for pilot use cases
- Potential pilot participants
- Timeline considerations

• Success metrics

4:00 - 4:30 | Workshop Closing
- **Key Takeaways Summary**
- Vision and strategic alignment
- Priority use cases
- Technical architecture principles
- Regional collaboration opportunities
- Governance structure

• **Action Items & Commitments**
• Follow-up activities
• Working group formation

• Timeline for next steps

• **Participant Feedback Survey**

• **Closing Remarks**

• MPAAI leadership
• Thanks to participants and experts

Key Discussion Questions

Strategic Questions

• What does success look like for Trinidad & Tobago's e-ID program in 3 years? 5 years?
• How can e-ID position T&T as a regional digital leader?
• What is the role of private sector in the e-ID ecosystem?

Technical Questions

• Should T&T adopt a centralized or federated identity model?
• What authentication levels are needed for different use cases?
• How do we ensure interoperability with Caribbean neighbors?
• What role should mobile devices play in e-ID access?

Governance Questions

• How do we balance security with user convenience?
• What safeguards prevent misuse or surveillance?
• How do we ensure inclusive access while maintaining security?
• What is the relationship between the four ID providers in the new system?

Implementation Questions

- What use cases should be prioritized for pilot?
- What is a realistic timeline for deployment?
- What capacity building is needed within government?
- How do we build public trust and adoption?

Expected Outputs & Deliverables

Immediate Outputs (During Workshop)

1. **Stakeholder-validated vision statement** for Trinidad & Tobago e-ID
2. **Prioritized use case list** (15-20 use cases, ranked)
3. **Technical architecture principles** (consensus document)
4. **Governance structure outline** (draft)
5. **Action item list** with responsible parties
6. **Pilot criteria and candidate list**

Post-Workshop Deliverables (2 weeks)

1. **Workshop Report** (Product 3)
2. Executive summary
3. Detailed proceedings
4. Stakeholder input synthesis
5. Consensus points and open issues
6. Next steps and timeline
7. **Use Case Catalog** (Appendix to report)
8. Detailed description of each use case
9. Requirements and dependencies
10. Priority ranking
11. Gender/inclusion considerations
12. **Technical Architecture Recommendation** (Appendix)
13. Proposed architecture model
14. Integration approach
15. Standards to be adopted
16. Security framework

17. **Action Plan & Timeline** (Appendix)
    - Working groups and membership
    - Follow-up tasks with deadlines
    - Milestones leading to Workshop 2.3

Success Metrics

Participation Metrics

- 90%+ attendance from all four ID providers
- 100% of targeted MDA participation
- 2-3 Caribbean countries represented
- EU expert engagement throughout

Engagement Metrics

- 80%+ active participation in breakout sessions
- 50+ action items/commitments generated
- 15+ use cases identified and documented

Satisfaction Metrics

- 4.2/5 average participant satisfaction
- 85%+ would recommend to colleagues
- 90%+ felt their voice was heard

Outcome Metrics

- Consensus achieved on technical architecture approach
- Governance structure agreed
- At least 3 pilot candidates identified
- Regional partner interest confirmed

Connection to Other Workshops

Builds Foundation For:

- **Workshop 2.3:** Cross-Border e-ID Pilot Design
- Use cases identified here will inform pilot design

- Regional partners met here will participate in pilots

- **Workshop 4.2:** Security, Ethics & Long-term Governance

- Governance framework begun here will be formalized
- Security principles established here will be codified

Inputs From:

- **Product 1:** Inception Report (should be delivered before this workshop)
- **Pre-workshop stakeholder consultations**

Feeds Into:

- **Product 2:** Technical Progress Analysis 1 (end of Q1)
- **e-ID technical design phase** (Month 2-5)
- **Procurement planning** for e-ID components

Pre-Workshop Preparation

6 Weeks Before

- [ ] Confirm date and book venue
- [ ] Send save-the-date to all stakeholders
- [ ] Invite Caribbean partners (allow time for travel approval)
- [ ] Book EU e-ID experts
- [ ] Form workshop planning team

4 Weeks Before

- [ ] Finalize and circulate detailed agenda
- [ ] Prepare presentation materials
- [ ] Develop breakout session exercises
- [ ] Send formal invitations with RSVP
- [ ] Arrange travel for international participants

2 Weeks Before

- [ ] Send pre-reading materials:
- Estonia e-ID case study
- eIDAS framework overview
- Trinidad & Tobago digital strategy documents
- [ ] Confirm final participant count

- [ ] Finalize catering and logistics
- [ ] Print workshop materials

1 Week Before

- [ ] Send reminder with logistics details
- [ ] Conduct technical rehearsal
- [ ] Prepare breakout room materials
- [ ] Finalize facilitator guide

Materials & Resources Needed

Presentation Materials

- PowerPoint/Keynote slides for all sessions
- Video clips (if available): Estonia e-ID in action, EU digital identity examples
- Infographics on digital identity trends

Participant Materials

- Workshop agenda and participant guide (printed)
- Use case template worksheets
- Technical architecture diagrams (blank and examples)
- Case study handouts
- Notebook and pen

Technology

- Projector and screen (main room)
- Laptop for presentations
- Microphones (panel discussions)
- Video conferencing (for any remote EU experts)
- WiFi access for all participants
- Flip charts and markers for breakout groups

Documentation

- Attendance sheet
- Photo consent forms
- Note-takers for each breakout session
- Photographer for documentation

Budget Estimate

Category	Item	Estimated Cost
Venue	2-day conference room + 4 breakout rooms	$3,500
Catering	Coffee breaks (4), lunches (2), snacks	$4,000
Travel	Caribbean partner flights & accommodation	$12,000
Travel	EU expert flights & accommodation	$15,000
Materials	Printing, supplies, notebooks	$800
Technology	AV equipment rental	$1,200
Facilitation	Professional facilitator (if external)	$5,000
Contingency	10%	$4,150
TOTAL		**$45,650**

Note: Adjust based on local costs and whether facilitator is internal

Risk Mitigation

Risk	Mitigation
Caribbean partners unable to attend	Invite 4-5 countries, expect 2-3; offer virtual participation option
EU expert cancellation	Have backup experts identified; pre-record video presentation if needed
Lack of consensus on architecture	Frame as "options analysis" rather than final decision; allow more time for discussion
Low engagement from ID providers	Pre-workshop individual meetings to build buy-in; emphasize benefits to each agency
Technical jargon alienates policy participants	Balance technical and strategic content; use clear language and analogies

Gender & Inclusion Considerations

Representation

- Ensure women leaders from ID providers invited to speak
- Include civil society organizations working on women's rights
- Invite representatives from disability organizations

Content

- Gender-sensitive use cases prominently featured (e.g., GBV service access)
- Accessibility requirements discussed for every technical decision
- Privacy protections emphasized

Process

- Breakout groups balanced for gender diversity
- Multiple participation modes (verbal, written, digital)
- Safe space for raising sensitive topics

Follow-up Actions (Post-Workshop)

Week 1

- [ ] Send thank you emails to all participants
- [ ] Distribute participant photos and highlights
- [ ] Begin drafting workshop report
- [ ] Compile action item list with owners

Week 2

- [ ] Finalize and circulate draft workshop report
- [ ] Schedule follow-up meetings with working groups
- [ ] Begin technical architecture detailed design
- [ ] Engage procurement team based on findings

Week 3-4

- [ ] Incorporate feedback and publish final report
- [ ] Submit to CAF and EU as Product 3
- [ ] Update project plan based on workshop outcomes
- [ ] Begin planning Workshop 2.3 (Cross-Border e-ID)

Links to TOR Requirements

This workshop directly addresses:

TOR Section 5, Objective A: Electronic Identity (e-ID) Program Actions
- **Action a:** "Support the conduct of workshops with key stakeholders, including but not limited to the MPAAI, the four ID providers and other MDAs, National-CSIRTs (i.e. certification support), and 2 to 3 private sector pilot agencies from Caribbean countries to define use cases, cross-border regulatory arrangements, integration and technical infrastructure, and pilot scaling mechanisms."

TOR Section 6, Services to be Carried Out
- **Service 5:** "Develop strategies to engage Caribbean and international stakeholders, particularly from smaller countries that represent international best practice..."

TOR Section 7, Products
- **Product 3:** Workshop Reports

Document Status: Draft for Review
Version: 1.0
Date: September 26, 2026
Next Review: 2 weeks before workshop execution
