Workshop 2.2: Regional Digital Cooperation (Caribbean)

Phase 2: Digital Collaboration

Workshop Code: WS 2.2
Primary Component: Interoperability Platform + e-ID (Regional Extension)
Duration: 2.5 days
Timing: Month 5, Week 2-4
Phase Theme: "Connecting Systems, Connecting Nations"

Executive Summary

This pivotal workshop transforms Trinidad & Tobago's digital transformation from a national initiative into a regional leadership opportunity. By bringing together 2-3 Caribbean partner countries, the workshop explores how the interoperability platform and e-ID system designed in earlier workshops can enable cross-border services, mutual recognition of digital credentials, and shared digital infrastructure. This workshop positions T&T as the Caribbean's digital hub and creates a foundation for CARICOM-wide digital integration, drawing lessons from the EU's eIDAS framework and Nordic digital cooperation models.

Key Outcome: Memoranda of Understanding (MOUs) or Letters of Intent for regional digital cooperation, with concrete use cases for cross-border interoperability and e-ID recognition.

Workshop Objectives

Primary Objectives

1. **Regional Partnership Formation:** Establish formal cooperation agreements with 2-3 Caribbean countries for digital integration
2. **Cross-Border Use Cases:** Identify and design high-value cross-border services (education, professional licensing, travel, business)
3. **Technical Interoperability:** Extend national interoperability platform architecture to support regional data exchange
4. **Mutual e-ID Recognition:** Design framework for cross-border recognition of digital identities

5. **Knowledge Sharing:** Transfer T&T learnings and EU best practices to Caribbean partners

Secondary Objectives

- Build Caribbean coalition for digital transformation
- Explore data centre regional services opportunities
- Establish regional governance mechanisms
- Create replication framework for other Caribbean nations
- Position CARICOM as digitally integrated region

Target Participants (40-55 people)

Trinidad & Tobago Delegation (15-18)

- **MPAAI Leadership** (4-5)
- Minister or Permanent Secretary (opening/closing)
- Project Director

- e-ID and Interoperability leads

- **Technical Team** (6-8)

- Architects from WS 1.1 and 2.1
- National-CSIRT representatives

- Data centre team

- **Policy & Legal** (3-4)

- International cooperation specialists
- Data protection/privacy experts
- Legal framework advisors

Caribbean Partner Countries (12-18 total, 4-6 per country)

Target: 2-3 countries (e.g., Jamaica, Barbados, Guyana, Saint Lucia, etc.)

Each country delegation should include:
- **Government Leadership** (1-2)
- Digital transformation lead minister/permanent secretary
- Chief Information Officer or equivalent

- **Technical Representatives** (2-3)
- IT directors
- Digital identity program leads

- Interoperability/integration specialists

- **Policy Representatives** (1-2)

- Digital policy advisors
- Legal/regulatory experts

Regional Organizations (3-4)

- **CARICOM Secretariat** (1-2)
- Digital economy/ICT focal point
- **Caribbean Telecommunications Union (CTU)** (1)
- **Organization of Eastern Caribbean States (OECS)** (1, if relevant)

Expert Resources (8-10)

- **EU Regional Cooperation Experts** (3-4)
- eIDAS framework specialist (cross-border e-ID)
- Nordic Council digital cooperation expert
- X-Road regional deployment specialist

- EU-LAC digital cooperation advisor

- **CAF** (2-3)

- Regional integration specialists

- Digital economy experts

- **EU Delegation** (2)

- **Technical Consultants** (1-2)

Detailed Agenda

DAY 1: Regional Vision & Strategic Alignment

Morning Session (9:00 AM - 12:30 PM)

9:00 - 9:45 | Opening Ceremony
- **Welcome & National Anthems**
- **Opening Remarks** by T&T Minister/Permanent Secretary
- Vision for Caribbean digital integration
- T&T's commitment to regional leadership
- **Partner Country Remarks** (5 min each)

- Digital transformation priorities in their countries
- Interest in regional cooperation
- **CAF & EU Partnership Statement**
- **Workshop Objectives & Agenda**

9:45 - 11:00 | The Case for Regional Digital Integration
- **Presentation:** "Small States, Big Ambitions: Digital Cooperation Models" (30 min)
- Nordic digital cooperation (e.g., Denmark-Sweden-Norway shared services)
- Baltic digital integration (Estonia-Latvia-Lithuania)
- EU eIDAS: 27 countries, mutual e-ID recognition
- Economic benefits: Reduced costs, economies of scale, shared expertise
- Social benefits: Citizen mobility, labor market integration, educational opportunities

- **Caribbean Context Presentation:** "CARICOM Digital Readiness" (20 min)
- Current state of digital government in Caribbean
- Existing regional ICT cooperation
- Barriers to integration (technical, legal, political)
- Opportunities for leapfrogging

- Data from CARICOM studies

- **Panel Discussion:** "Why Now? Why Together?" (25 min)

- CARICOM representative
- Partner country representatives
- T&T leadership
- Topics:

    - COVID-19 acceleration of digital needs
    - Climate resilience through digital systems
    - Youth migration and need for portable credentials
    - Regional competitiveness

11:00 - 11:15 | BREAK

11:15 - 12:30 | Sharing National Experiences
- **Country Presentations:** "Digital Transformation Journeys" (15 min each)
- **Trinidad & Tobago**
- Recap of WS 1.1, 1.2, 2.1 outcomes
- e-ID program status
- Interoperability platform design
- Data centre expansion
- Lessons learned so far

- **Partner Country 1** (e.g., Jamaica)

    - Digital government initiatives

    - Identity systems
    - Integration challenges
    - Regional cooperation interests

- **Partner Country 2** (e.g., Barbados)
    - Similar structure
- **Partner Country 3** (if applicable)
    - Similar structure
- **Interactive Q&A** (15 min)
- Identify common challenges and complementary strengths

12:30 - 1:30 PM | LUNCH

Afternoon Session (1:30 PM - 5:30 PM)

1:30 - 3:00 | EU Best Practices for Cross-Border Digital Services
- **Presentation:** "eIDAS: Europe's Cross-Border e-ID Framework" (35 min)
- Presented by EU eIDAS expert
- Legal framework for mutual recognition
- Technical standards (SAML, OAuth, levels of assurance)
- Trust services (e-signatures, e-seals)
- Cross-border authentication flows
- Governance and dispute resolution
- 7+ years of operational experience
- Challenges and solutions

- **Presentation:** "Nordic Digital Cooperation in Practice" (25 min)
- Shared digital services across borders
- Educational credential recognition
- Healthcare data exchange
- Business registration harmonization
- Governance models (bilateral and multilateral)
- **Interactive Discussion:** "Lessons for the Caribbean" (30 min)
- What can be adapted directly?
- What needs Caribbean contextualization?
- What legal/regulatory changes needed?
- Quick wins vs. long-term goals

3:00 - 3:15 | BREAK

3:15 - 5:00 | Visioning Exercise: Caribbean Digital Future 2030
- **Facilitated Visioning Workshop** (90 min)
- Mixed country groups (4-5 groups with representatives from all countries)

Prompt: "Imagine it's 2030. Caribbean digital integration is a success. Describe:"
- What services can citizens access across borders?
- How do businesses operate regionally?
- What credentials are portable across countries?
- How do governments share data for citizen benefit?
- What regional digital infrastructure exists?
- How has this transformed Caribbean competitiveness?

Groups create:
- Vision narrative (story of a citizen, business, or government service)
- Key enablers that made this possible
- Benefits realized

- **Gallery Walk & Presentations** (15 min)
- Groups share visions
- Common themes identified

5:00 - 5:30 | Day 1 Reflection & Social
- Synthesis of shared vision
- Informal networking time
- Preview of Day 2

DAY 2: Technical Design & Use Case Development

Morning Session (9:00 AM - 12:30 PM)

9:00 - 9:15 | Day 1 Recap & Day 2 Preview

9:15 - 10:45 | Cross-Border Use Case Identification
- **Presentation:** "Framework for Cross-Border Use Cases" (20 min)
- Criteria for prioritization:
- Citizen/business value
- Technical feasibility
- Legal/regulatory complexity
- Political will
- Resource requirements
- Examples from EU and Nordic regions

- **Breakout Session:** "Caribbean Use Case Workshop" (70 min)

- 4-5 thematic groups (mixed countries):

Group 1: Education & Professional Credentials
- University admissions across Caribbean
- Academic credential verification
- Professional licensing portability (doctors, engineers, teachers)
- Student loan/financial aid verification

Group 2: Business & Trade
- Regional business registration
- Cross-border tax compliance
- Trade document exchange
- Vendor qualification verification

Group 3: Travel, Immigration & Citizen Services
- CARICOM nationals movement
- Emergency service access (health records for travelers)
- Social services portability
- Consular services

Group 4: Government-to-Government Services
- Law enforcement data sharing (with safeguards)
- Vital records (birth, death, marriage) verification
- Tax information exchange
- Procurement collaboration

Group 5: Emergency & Climate Resilience
- Disaster response coordination
- Health emergency data sharing
- Climate data and early warning systems
- Resource sharing during crises

Each group develops 3-5 use cases with:
- User story
- Participating countries
- Data/services needed
- Legal/privacy considerations
- Technical approach
- Priority ranking

10:45 - 11:00 | BREAK

11:00 - 12:30 | Use Case Presentations & Prioritization
- **Group Reports** (10 min each, 50 min total)
- Present top use cases
- Explain rationale and approach

• **Plenary Prioritization** (35 min)

- All use cases posted on walls
- Participants use dot voting to prioritize
- Discussion of results
- Select 3-5 priority use cases for detailed design

12:30 - 1:30 PM | LUNCH

Afternoon Session (1:30 PM - 5:30 PM)

1:30 - 3:15 | Technical Architecture for Regional Interoperability
- **Presentation:** "Extending National to Regional Architecture" (25 min)
- T&T interoperability platform (from WS 2.1) as foundation
- X-Road multi-tenancy and federation capabilities
- Cross-border security (mutual TLS, encryption)
- Trust frameworks and PKI
- Network connectivity requirements (submarine cables, redundancy)

- **Technical Workshop:** "Designing Regional Architecture" (80 min)
- Technical teams from all countries work together

Topics to address:
- **Federated vs. Centralized Hub?**
- Each country runs own X-Road instance, federated together?
- T&T hosts regional hub?
- Hybrid approach?

- **Identity & Authentication:**
  - How to recognize each country's e-ID?
  - Levels of assurance mapping
  - Authentication broker design
- **Data Exchange Patterns:**
  - Real-time queries vs. synchronization
  - Data residency requirements
  - Caching and performance
- **Security & Compliance:**
  - Each country's data protection laws
  - Cross-border data transfer agreements
  - Audit and accountability
  - Incident response coordination
- **Network Infrastructure:**
  - Connectivity requirements

    - Redundancy and failover
    - Performance targets (latency, bandwidth)

Develop draft architecture diagram and principles document

- **Report Back** (10 min)
- Present proposed architecture
- Identify open issues and decisions needed

3:15 - 3:30 | BREAK

3:30 - 5:00 | Legal & Governance Framework
- **Presentation:** "Legal Framework for Cross-Border Data Exchange" (25 min)
- Data protection and privacy laws in Caribbean
- Mutual recognition legal instruments
- CARICOM legal frameworks
- Bilateral vs. multilateral agreements
- Model data sharing agreement

- **Panel Discussion:** "Navigating Legal Complexity" (30 min)
- Legal experts from each country

- Topics:

    - What legislation enables/restricts cross-border data sharing?
    - Can we work within existing CARICOM frameworks?
    - What new legal instruments needed?
    - Dispute resolution mechanisms
    - Sovereignty concerns

- **Breakout Groups:** "Governance Design" (30 min)

- Design regional governance structure:

    - **Steering Committee** (ministers/permanent secretaries)
    - **Technical Committee** (CIOs, technical leads)
    - **Legal/Compliance Committee**
    - **Operational Working Groups**

- Decision-making processes

- Funding and cost-sharing models
- Secretariat functions (who hosts?)
- Dispute resolution

- Entry/exit procedures for countries

- **Report Back** (5 min)

5:00 - 5:30 | Day 2 Wrap-up
- Summary of technical and governance decisions
- Preview of Day 3 (action planning)
- Evening: Optional cultural exchange dinner

DAY 3: Action Planning & Commitments (Half Day)

Morning Session (9:00 AM - 1:00 PM)

9:00 - 9:15 | Day 2 Recap

9:15 - 10:30 | Pilot Design Workshop
- **Presentation:** "From Use Cases to Pilots" (15 min)
- Pilot criteria and success factors
- Resource requirements
- Timeline considerations
- Risk mitigation

- **Focused Workshop:** "Designing Regional Pilots" (60 min)
- Take 1-2 highest-priority use cases from Day 2
- Design concrete pilot projects:

For each pilot:
- Participating countries and agencies
- Specific services/data to be exchanged
- Technical implementation approach
- Legal agreements needed
- Timeline (design, build, test, launch)
- Success metrics
- User testing approach
- Risks and mitigation
- Budget estimate
- Next steps and responsibilities

Create pilot project charter for each

10:30 - 10:45 | BREAK

10:45 - 11:45 | Cooperation Framework & MOUs
- **Presentation:** "Formalizing Regional Cooperation" (15 min)
- Types of agreements (MOU, Letter of Intent, Technical Agreement)
- Key elements to include
- Approval processes in each country

- **Collaborative Drafting:** "Draft MOU Elements" (45 min)

- Plenary session to draft key elements of cooperation MOU:
    - Shared vision and objectives
    - Scope of cooperation
    - Governance structure
    - Pilot commitments
    - Resource contributions
    - Timeline and milestones
    - Review and renewal provisions
- Draft to be finalized by legal teams post-workshop

11:45 - 12:30 PM | Action Planning & Commitments
- **Roadmap Development** (25 min)
- 12-month roadmap for regional cooperation:
- Months 6-7: Legal/MOU finalization, pilot detailed design
- Months 8-9: Pilot technical build, testing
- Months 10-11: Pilot launch, user testing, iteration
- Month 12: Pilot evaluation, expansion planning

- **Public Commitments** (15 min)
- Each country delegation makes verbal commitment
- T&T leadership commitment to regional hub role
- Partner countries commit to pilot participation
- CARICOM/regional organizations express support

12:30 - 1:00 PM | Closing Ceremony
- **Workshop Synthesis** (10 min)
- Key outcomes summary
- Use cases and priorities
- Technical architecture principles
- Governance framework
- Pilot projects
- Next steps

- **Signing Ceremony** (10 min)
- Letter of Intent or MOU signing (if prepared)

- Or: Commitment to finalize MOU within 30 days

- **Closing Remarks**

- Partner country delegations
- T&T Minister/Permanent Secretary
- CAF and EU Delegation

- Vote of thanks

- **Group Photo & Networking**

Key Discussion Questions

Strategic Questions

- What is the value proposition for each country to join regional digital integration?
- How do we balance national sovereignty with regional cooperation?
- What funding models sustain regional digital infrastructure?
- How do we ensure small island states aren't left behind?

Technical Questions

- Should each country run its own interoperability instance or share infrastructure?
- How do we ensure security and privacy in cross-border data exchange?
- What connectivity infrastructure is needed (submarine cables, etc.)?
- How do we handle different technology maturity levels across countries?

Legal Questions

- What legal instruments enable cross-border data sharing?
- How do we harmonize data protection standards?
- What happens when countries have conflicting laws?
- How do we enforce agreements and resolve disputes?

Governance Questions

- Who makes decisions in a multi-country framework?
- How are costs and benefits shared?
- What if one country wants to withdraw?
- How do additional countries join later?

Expected Outputs & Deliverables

Immediate Outputs (During Workshop)

1. **Shared Regional Vision** for Caribbean digital integration
2. **Prioritized Cross-Border Use Cases** (15-20 identified, top 5 prioritized)
3. **Regional Technical Architecture** (draft diagram and principles)
4. **Legal & Governance Framework** (outline)
5. **Pilot Project Charters** (2-3 detailed pilots)

6. **Draft MOU or Letter of Intent** for regional cooperation
7. **12-Month Roadmap** for implementation

Post-Workshop Deliverables (2-4 weeks)

1. **Workshop Report** (Product 3)
2. Executive summary
3. Country presentations summary
4. Use case catalogue
5. Technical architecture
6. Governance framework
7. Pilot designs
8. Next steps and commitments
9. **Finalized MOU/Agreement** (Appendix)
10. Legal review and refinalization
11. Signature-ready document
12. **Regional Interoperability Framework** (Appendix)
    - Technical standards for cross-border exchange
    - Security requirements
    - Integration guidelines
13. **Pilot Implementation Plans** (Appendix - feeds into Product 5)
    - Detailed plans for each pilot
    - Timeline, resources, responsibilities

Success Metrics

Participation Metrics

- 2-3 Caribbean countries participate with full delegations
- Ministerial/senior leadership attendance from all countries
- CARICOM Secretariat engagement

Engagement Metrics

- 15+ cross-border use cases identified
- Consensus on regional architecture approach
- All countries commit to at least 1 pilot

Satisfaction Metrics

- 4.5/5 average participant satisfaction
- 90%+ see value in regional cooperation
- 95%+ want to continue collaboration

Outcome Metrics

- MOU or Letter of Intent signed or committed
- 2-3 concrete pilots defined with timelines
- Governance structure agreed
- Follow-up meetings scheduled

Connection to Other Workshops

Builds On:

- **Workshop 1.1 (e-ID):** e-ID architecture extended for cross-border recognition
- **Workshop 2.1 (Interoperability):** National platform becomes foundation for regional platform
- **Workshop 1.3 (GID):** Inclusion principles applied to regional cooperation

Builds Foundation For:

- **Workshop 2.3 (Cross-Border e-ID Pilots):** Designs developed here implemented in WS 2.3
- **Workshop 3.1 (Tech Hub):** Regional tech hub dimension added
- **Workshop 3.3 (Private Sector):** Regional market for private sector services
- **Workshop 4.2 (Governance):** Regional governance integrated into overall framework

Inputs From:

- **Product 2:** Technical Progress Analysis 1
- **WS 2.1 outputs:** Interoperability architecture and standards

Feeds Into:

- **Product 4:** Partial Implementation Report (Q2)
- **Product 5:** Pilot Implementation Plans
- **Regional cooperation ongoing** (throughout project and beyond)

Pre-Workshop Preparation

8 Weeks Before

- [ ] Identify target Caribbean partner countries
- [ ] Secure ministerial/senior leadership participation from T&T and partners
- [ ] Engage CARICOM Secretariat
- [ ] Book EU regional cooperation experts
- [ ] Initiate diplomatic outreach to partner countries

6 Weeks Before

- [ ] Formal invitations to partner country governments
- [ ] Confirm CAF and EU Delegation participation
- [ ] Book venue (accessible, high-quality for ministerial attendance)
- [ ] Begin visa/travel arrangements for international participants

4 Weeks Before

- [ ] Finalize agenda with input from all countries
- [ ] Collect country presentations (request advance preparation)
- [ ] Prepare briefing materials on T&T progress
- [ ] Coordinate with partner countries on delegation composition

2 Weeks Before

- [ ] Send pre-reading materials to all participants:
- eIDAS framework overview
- Nordic digital cooperation case studies
- T&T workshop outputs (WS 1.1, 2.1 summaries)
- CARICOM digital readiness reports
- [ ] Finalize all logistics (accommodation, transport, catering)
- [ ] Prepare draft MOU for review

1 Week Before

- [ ] Final confirmation of all delegations
- [ ] Rehearse opening ceremony
- [ ] Technical setup and testing
- [ ] Print all materials in multiple languages if needed
- [ ] Prepare country flags, signage for formal setting

Materials & Resources Needed

Presentation Materials

- Professional slide decks for all sessions
- eIDAS and Nordic cooperation video/demo materials
- CARICOM digital landscape infographics
- Regional maps showing connectivity, integration opportunities

Participant Materials

- Workshop agenda (professional binding for ministerial level)
- Country information packets
- Use case template worksheets
- Architecture design worksheets
- MOU/agreement drafts
- Roadmap planning templates
- High-quality notebooks, pens

Technology

- High-quality AV (ministerial standard)
- Video conferencing capability (hybrid option for some participants if needed)
- Simultaneous translation equipment (if language diversity requires)
- WiFi access
- Large displays for architecture diagramming
- Voting technology for prioritization exercise

Facilities

- Professional conference venue (ministerial standard)
- Plenary room + 4-5 breakout rooms
- VIP lounge for ministerial delegations
- Secure storage for sensitive documents
- Professional signage (country flags, workshop branding)

Documentation

- Professional photography and videography
- Note-takers for all sessions
- Transcription services for key discussions
- Media coverage coordination (if public component)

Protocol

- National anthems (audio)
- Country flags
- Signing table setup for closing ceremony
- Cultural performance or video (optional, for opening/closing)

Budget Estimate

Category	Item	Estimated Cost
Venue	High-quality venue, 2.5 days + breakouts	$6,000
Catering	Ministerial-standard meals, breaks (6 breaks, 3 lunches, 1 dinner)	$8,500
Travel - Partners	3 countries × 4-6 people × flights & accommodation	$35,000
Travel - EU Experts	3-4 experts, flights & accommodation	$20,000
Travel - Regional Orgs	CARICOM, CTU representatives	$3,000
Protocol	Flags, signage, cultural elements, AV	$3,000
Materials	Professional printing, binding, supplies	$2,000
Technology	Premium AV, voting systems, translation (if needed)	$4,000
Photography/Video	Professional documentation	$2,500
Translation	If required for documents/interpretation	$3,000
Facilitation	Professional facilitator, regional expertise	$6,000
Contingency	10%	$9,300
TOTAL		**$102,300**

Note: This is the most expensive workshop due to international nature and ministerial attendance

---

Risk Mitigation

Risk	Mitigation
Partner countries don't commit/attend	Early outreach at highest levels; demonstrate value; start with 2 countries, add 3rd if possible
Political tensions between countries	Focus on technical cooperation; emphasize mutual benefits; CAF/EU as neutral facilitators
Different maturity levels create imbalance	Design pilots where T&T can support less-advanced partners; phased approach allows catch-up
Legal/sovereignty concerns block agreement	Start with non-binding LOI; technical pilots before full legal framework; respect each country's pace
Unrealistic expectations about timeline/scope	Clear roadmap with phases; quick wins plus long-term vision; manage expectations actively
Funding uncertainty for regional infrastructure	Explore CAF regional financing; cost-sharing models; start with low-cost pilots

Gender & Inclusion Considerations

Representation

- Women leaders in delegations from all countries
- GID Advisory Committee observer
- Youth representation in technical teams

Content

- Cross-border use cases include gender dimensions (e.g., GBV survivor accessing services while traveling)
- Regional labor mobility benefits for women
- Educational opportunity expansion for underserved populations
- Accessibility of cross-border services

Process

- Inclusive facilitation across cultures and languages
- Multiple participation modes

- Respectful of different national contexts and sensitivities

---

Follow-up Actions (Post-Workshop)

Week 1

- [ ] Send thank you letters to all ministerial/senior participants
- [ ] Distribute photos and highlights to all countries
- [ ] Begin drafting comprehensive workshop report
- [ ] Initiate legal review of MOU (if not already signed)

Week 2-3

- [ ] Finalize and circulate draft workshop report to all countries for review
- [ ] Establish regional technical working group (first virtual meeting)
- [ ] Begin detailed pilot design (WS 2.3 preparation)
- [ ] Coordinate MOU signing if not completed at workshop

Week 4

- [ ] Incorporate feedback and publish final workshop report
- [ ] Submit to CAF and EU as Product 3
- [ ] Share report with CARICOM Secretariat and regional organizations
- [ ] Media release on regional cooperation (coordinated across countries)

Month 6 onwards

- [ ] Regular virtual coordination meetings (monthly)
- [ ] Pilot implementation (detailed in WS 2.3)
- [ ] Legal framework finalization
- [ ] Explore funding for regional infrastructure
- [ ] Prepare for potential expansion to additional countries

---

Links to TOR Requirements

This workshop directly addresses:

TOR Section 5, Objective A & B (Cross-Border Integration):
- **Action A.a:** "Support the conduct of workshops with key stakeholders... including... 2 to 3 private sector pilot agencies from Caribbean countries to define use cases, cross-border regulatory arrangements, integration and technical infrastructure, and pilot scaling mechanisms."

- **Action B.a:** "Coordinate and host regional workshops with 2 to 3 Caribbean countries to develop a government-to-government interoperability platform."
- **Action B.c:** "Assist with the planning and deployment of a pilot with MPAAI and regional agencies to support Interoperability and e-ID integration."

TOR Section 6, Services:
- **Service 5:** "Develop strategies to engage Caribbean and international stakeholders, particularly from smaller countries that represent international best practice..."
- **Service 6:** "Actively seek and evaluate international solutions, technologies, and best practices..."

TOR Section 7, Products:
- **Product 3:** Workshop Reports
- **Product 5:** Pilot Implementation Plans (informed by this workshop)

Document Status: Draft for Review
Version: 1.0
Date: September 26, 2026
Next Review: 2 weeks before workshop execution

DIPLOMATIC NOTE: This workshop requires high-level political coordination across multiple countries. Early engagement at ministerial/permanent secretary level is critical for success. Consider appointing a dedicated regional coordination officer.
